

DL+ Users Quick Guide

What is Digital Library Plus (DL+)?

DL+ is an advanced system which gives you simple and one step access to all your electronic resources at the Your Organization. You can browse and search all your Databases, E-Journals, E-Books & References in our digital library Alphabetically (A-Z) or by subject and also find the relevant ranking information. You can easily personalize your digital library by registering yourself in DL+ and selecting your favorite topic from 230 detailed subject areas.

The main features of DL+ are:

- Browsing resources: DL+ user is able to browse all resources which have access to. Also it is possible to find the resources such as journals/eBook ranked in each subject area.
- Single Sign on (SSO): Registered users will be able to access organizational resources outside the IP range. With single Sign on (Athens) feature of the DL+, confirmed users are able to access their resources everywhere.
- Federated Search: With this feature you will be able to search concurrently in multiple resources and view aggregated result.

Registration and Access to DL+

DL+ is available at www.digitallibraryplus.com , and you can access it in 2 ways. First is the IP range access. In this type of access you should use DL+ inside your institution. In this mode you have no personalization option and also you cannot use the SSO feature.

DL+ Digital Library Plus

After registration your organizational administrator should confirm that you have entered your information correctly. As soon as your information got confirmed you will receive an email indicating your confirmation. Then you have access to SSO feature of the DL+.

Browsing

There are different ways to browse your resources.

- Browse by Subject: In this mode you can see the list of E-journal/E-Books of a specific subject.
- Browse by Publisher/Type : In this mode you can browse the list of E-journal/E-Books from each publisher
- Browse by Searching: In this mode you will be able to search for specific keyword, resource title, specific publisher, resource collection ...

In the below figure you can see where to:

The screenshot displays the Digital Library Plus (DL+) website interface. At the top, there is a green header with the DL+ logo and the text "Welcome to MEHRDAD FAHIMI from Kuwait Health Sciences Center (KHSC) Digital Library". To the right, there is a logo for "Kuwait University Health Sciences Center Library". Below the header is a navigation menu with links: Home, A-Z List, Browse, Federated Search, My Profile, Support, Help, All DL+, My DL+, and Logout. The main content area is divided into several sections:

- List Browsing**: A section titled "What is Digital Library+?" with a sub-link "Search browsing". It contains introductory text about DL+ and a link to "Subject Browsing".
- Federated Search**: A search box with a "GO" button and the text "on all Digital Library Resources".
- Browse by Subject**: A dropdown menu showing a list of subjects, including Chemistry, Computer Science & Engineering, Dentistry, Earth Sciences, Geochemistry & Geophysics, Geology, Geosciences, Multidisciplinary, and Mineralogy. This menu is circled in orange.
- Type/Publisher Browsing**: A section titled "Our Digital library" with a sub-link "Type/Publisher Browsing". It lists "Databases | EJournals | EBooks | Clinics of North America" and a link "To view resources related to each category, click on". Below this is a list of categories: Databases, EJournals, EBooks, and Clinics of North America, each with a right-pointing arrow. This list is circled in orange.

At the bottom of the page, there is a green banner with the text "Browsing modes of DL+".

In each of browsing modes the list of resources are shown. For each resource you will be able to see the access link, publisher,

The most important feature in browsing is the ranking provided by DL+. You are able to rank your products and find the most valuable E-journal or E-Book in the specific subject.

The screenshot displays the DL+ interface for the subject 'Cardiac & Cardiovascular Systems'. The header includes the DL+ logo, the user name 'MEHRDAD FAHIMI from Kuwait Health Sciences Center (KHSC) Digital Library', and the Kuwait University Health Sciences Center Library logo. The navigation menu includes 'Home', 'A-Z List', 'Browse', 'Federated Search', 'My Profile', 'Support', 'Help', 'All DL+', 'My DL+', and 'Logout'. The subject is 'Cardiac & Cardiovascular Systems' and the total records are 49. The results are sorted by 'Subject Rank' in descending order, with ranks shown in red. The table lists 12 journals with their respective ISSN/ISBN, publishers, H Index, and access links.

#	Product Title	ISSN/ISBN	Publisher	Subject Rank	H Index	Access Link
1	Journal of The American College of Cardiology	0735-1097	Elsevier	Cardiac & Cardiovascular Systems 2	177	ScienceDirect
2	European Heart Journal	0195-668X	Oxford University Press	Cardiac & Cardiovascular Systems 4	111	ScienceDirect, Oxford Journals, ProQuest
3	Cardiovascular Research	0008-6363	Oxford University Press	Cardiac & Cardiovascular Systems 5	96	ScienceDirect, Oxford Journals
4	Journal of Molecular and Cellular Cardiology	0022-2828	Elsevier	Cardiac & Cardiovascular Systems 6	77	ScienceDirect
5	Trends in Cardiovascular Medicine	1050-1738	Elsevier	Cardiac & Cardiovascular Systems 7	46	ScienceDirect
6	Atherosclerosis, Supplements	1567-5688	Elsevier	Peripheral Vascular Disease 8	19	ScienceDirect
7	Nature Clinical Practice Cardiovascular Medicine	1743-4297	Nature Publishing Group	Cardiac & Cardiovascular Systems 8	14	Nature.com
8	Journal of Thoracic and Cardiovascular Surgery, The	0022-5223	Elsevier	Respiratory System 9	99	ScienceDirect
9	Atherosclerosis	0021-9150	Elsevier	Peripheral Vascular Disease 10	84	ScienceDirect
10	Nmcd	0939-4753	Elsevier	Nutrition & Dietetics 10		ScienceDirect
11	Heart	1355-6037	BMJ Publishing Group	Cardiac & Cardiovascular Systems 11	80	BMJ Journals Online
12	Journal of Critical Care	0883-9441	Elsevier	Critical Care Medicine 12	27	ScienceDirect

Browsing Products in DL+

As it is shown in the browse page ranking of each resource in specific subject is being shown (red color numbers). The user can choose to use the best journals in each subject area.

Single Sing on (SSO)

One of the most important features of DL+ is Single Sign on facility. After you registered on DL+, and also confirmed by local administrator, you will be able to use all SSO supported resources from everywhere. The steps to do so are so easy. If you are in the IP range of your institute you can access the resources by direct link in the DL+ page. If you are using the DL+ outside of campus/institute you should click on the Athens Login link below each resource.

Search saves your time and provides your favorite results quickly.

Please pay attention that some resources are not supporting by federated search and sh searched separately.

Our Digital library

By accessing the digital library our professors, researchers and students have access to:
[Databases](#) | [EJournals](#) | [EBooks](#) | [Clinics of North America](#)

To view resources related to each category, click on 

Databases

EJournals

Athens Login DL+

By clicking on the “Athens Login” link you will be redirected to the publisher’s web page. And also you will be recognized as your institute client.

Please note that some publishers need to enter the personal information, when you use the Athens login for the first time. Some users misinterpret this page as error page.

Also note that your SSO feature will not be activated until you have been confirmed by your administrator. As you register your administrator will receive an E-mail asking him/her to check your registration and confirm you ASAP. As soon as your registration information being confirmed you will receive an email that indicates your confirmation.

Your DL+ username/password are your personal information and should not be disclosed to any other person. As all users are monitored for potential misuse, disclosing the username/password may result in disabling your account.

Federated Search

Federated Search allows you to search in multiple resources in single click and browse the aggregated result.
